

Application No.: 10/673,764  
Attorney Docket No.: SHA-129  
Amendment Dated: 2 August 2005  
Reply for Final Office Action Dated: 30 June 2005

AMENDMENTS TO THE CLAIMS

1. (Previously Presented) A cartridge seal assembly, comprising:  
a housing having a channel space formed therein to define an inner surface;  
a bearing device bonded to said housing at the inner surface thereof and having at least  
one bearing surface; and  
5 at least one seal removably joined to said housing, at least one of said at least one seal  
being disposed generally axially of at least part of said bearing device.

2. (Original) The cartridge seal assembly as recited in Claim 1, wherein said bearing  
device and/or at least one of said at least one seal being bonded to said housing.

3. (Cancelled)

4. (Original) The cartridge seal assembly as recited in Claim 1, wherein the joining  
relationship between said bearing device and said housing being defined by a substantially gap-  
free interface.

5. (Original) The cartridge seal assembly as recited in Claim 1, wherein the joining  
interface between said housing and said bearing device being substantially free of extrusion gaps.

6. (Original) The cartridge seal assembly as recited in Claim 1, wherein said at least one  
seal further includes:  
a first generally annular seal disposed at one axial side of said bearing device, said first  
seal including at least one static sealing area and/or at least one dynamic sealing area.
